

# Help shape Pacheco's future!

Join us to continue the conversation about the future of Pacheco! We held the first two Pacheco community meetings as part of **Envision Contra Costa 2040** last spring and summer, and community members turned out to discuss opportunities and challenges in Pacheco and review draft guiding principles. Please attend this next meeting to review and provide feedback on the draft profile for Pacheco. The profile describes the community and provides policy guidance reflecting the values, priorities, and aspirations for the future shared by community members.

## Pacheco Residents... We Want to Hear From You! Pacheco Community Meeting #3
