

ENVISION CONTRA COSTA 2040

Environmental Justice Community Meeting Series

Virtual Meetings

February 3rd, February 10th, February 17th, 2020

6:00 PM – 8:00 PM

Envision Contra Costa 2040 is a plan for a safe, healthy, equitable, and sustainable future for all communities in the county. Communities of color, indigenous people, low-income families, and immigrants should not face disproportionate environmental and health impacts. We've listened to community members at dozens of meetings to draft policies and actions to drive change. At this series of online meetings, we are seeking your feedback on these policies.

When you join the meeting, please wait in the virtual waiting room for the meeting to start.

6:00 Waiting Room
