Plan**

Environmental Impact Report

What is the General Plan?

» “Constitution” for land use

- Establishes countywide vision and supporting goals, policies, and implementation measures
- Provides consistent direction for future development
- Balances growth, conservation, and quality of life
- Documents baseline environmental conditions

Components of the General Plan

» Required Elements

- Land Use
- Transportation
- Safety
- Noise
- Open Space
- Conservation
- Housing (*adopted 2015*)

» Optional Elements in Current General Plan

- Growth Management
- Public Facilities/Services

Four Themes Throughout the Plan

- » Economic development
- » Sustainability
- » Community health
- » Environmental justice

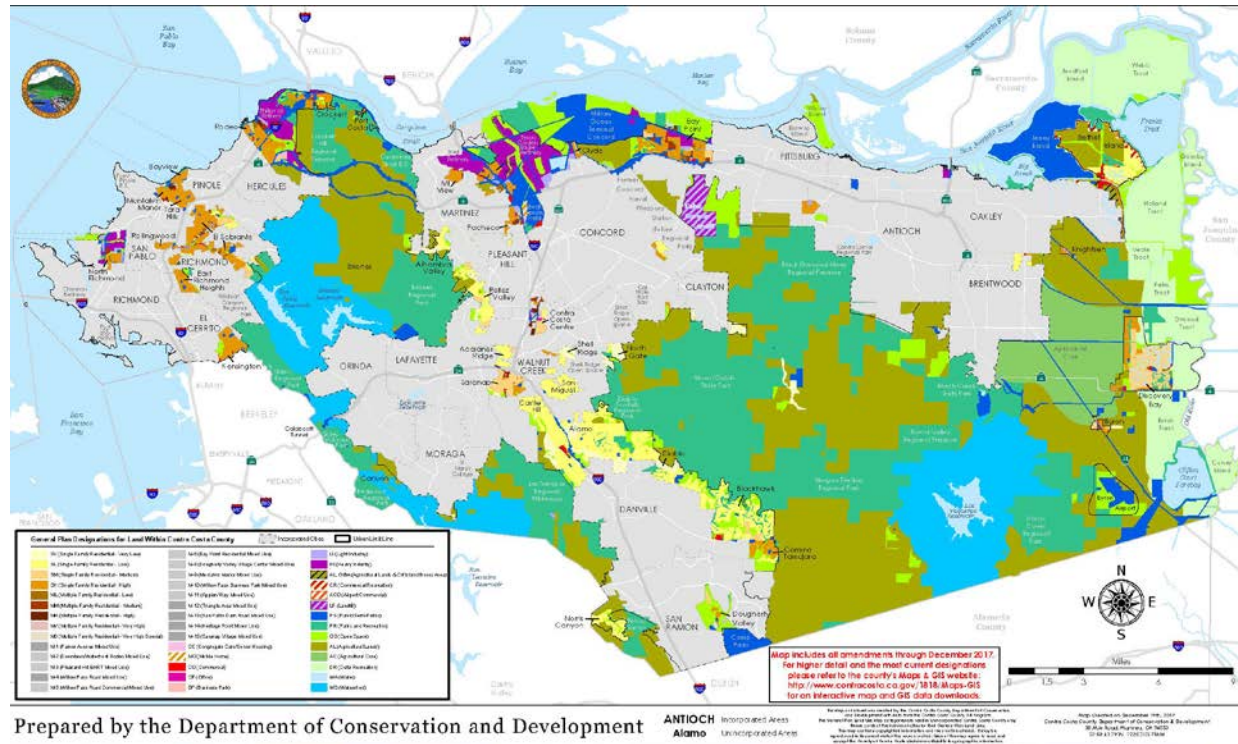

“ What is Environmental Justice?

The fair treatment of people of all races, cultures, and incomes with respect to the development, adoption, implementation, and enforcement of environmental laws, regulations, and policies. ”

CALIFORNIA GOVERNMENT CODE §65040.12(E)

Land Use Map

- » Development standards for each land use designation
 - Maximum residential density (housing units per acre)
 - Maximum nonresidential floor area ratio (FAR)
- » Framework for zoning map

How Does the General Plan Affect You?

- » How you and your neighbors can develop and use property
- » How easy it is to get to your job and services
- » The number and types of jobs available in your community
- » The look and feel of neighborhoods

How Does the General Plan Affect You?

- » How roadways are designed and improved
- » Number and quality of parks available to you
- » Risk to you and your property from hazards
- » How cultural and natural resources around you are conserved

What is the Zoning Code?

- » Zoning map and districts
- » Regulations that control physical development
 - Allowed uses
 - Permitting requirements
 - Specific site development standards – setbacks, parking, lighting, signage, fences, trash enclosures, etc.
- » **General Plan vs. Zoning Code**
 - Zoning Codes implement the General Plan with specific development regulations, e.g.:
 - General Plan = “Commercial”
 - Zoning Code = “Retail Business; General Commercial”

Climate Action Plan (CAP) Update

» What is the CAP?

- Sets greenhouse gas (GHG) emissions reduction targets for the county
- Establishes a plan to reach those targets
- Implements the climate-related policy direction of the General Plan

» Why is the CAP being updated?

- State law has changed since the CAP was adopted (in 2015)
- New reduction strategies are available
- Evolving understanding of resilience and adaptation
- Opportunity to improve how the CAP is implemented
- More extensive support for greater equity
- CAP can better integrate with the new General Plan

Environmental Impact Report (EIR)

- » **California Environmental Quality Act (CEQA) requires disclosure of a project's potential impacts on the physical environment**
- » **EIR must:**
 - Disclose information about the effects the project could have on the physical environment
 - Identify mitigation measures, if necessary
 - Describe feasible alternatives to the proposed project
- » **Public review**
 - Initial 30-day scoping period – tell us what to analyze
 - Minimum 45-day review of Draft EIR – comment on the analysis

Envision Contra Costa 2040 Process

Phase	Schedule
Existing Conditions	Winter 2018 – Spring 2019
Countywide Updates & Community Profiles	Spring – Fall 2019
Draft General Plan and Zoning Code	Summer 2019 – Winter 2019/2020
Climate Action Plan	Summer 2019 – Winter 2019/2020
Environmental Impact Report and Fiscal Analysis	Fall 2019 – Summer 2020
Public Review and Adoption	Summer – Winter 2020

Opportunities for Public Involvement

» Community-Based Meetings

- Identify issues and vision
- Formulate community goals and objectives

» Open Houses

- Present project overview and identify issues, hopes, and concerns
- Generate ideas for General Plan, Zoning Code, and Climate Action Plan
- Present Draft General Plan and Draft Climate Action Plan

Opportunities for Public Involvement

- » Envisioncontracosta2040.org
- » Online questions
- » Focused Meetings
- » Sustainability Commission
- » Planning Commission
- » Board of Supervisors

Chapter 8:

COMMUNITY HEALTH AND WELL-BEING

Community Health Overview

Community members, planners, and public health experts increasingly understand that policies regarding where and how communities develop have a direct effect on physical and mental health. Planning and development decisions affecting proximity of different land uses, how roadway networks connect (or don't), and access to parks, trails, and grocery stores, affect residents' day to day opportunities to eat healthy food, walk, bike, play outside, breathe clean air, and enjoy social interaction. See the [Environmental Justice](#) and [Hazards & Safety](#) sections of this Briefing Book for discussions of air quality and other risks to health. Over the long term, these factors influence a person's overall health and likelihood of developing certain diseases.

For many common health factors, residents in Contra Costa County fare better than others in California and the nation, including diabetes, heart disease, and high blood pressure. However, for asthma, obesity, and breast, colorectal, lung, and prostate cancers, rates are higher in Contra Costa than in the rest of California, and in some cases, the nation. The map to the right highlights the locations in the county where asthma rates are highest – mainly, west of Interstate 80 and throughout the northern portion of the county along the Highway 4 corridor and shoreline.

In 2018, Contra Costa County ranked #13 out of the 58 counties in California for what's called the "crude death rate," which accounts for the number of deaths from all causes per 1,000 people in the
