

Goals Discussed Tonight

» **Sustainable Economy**

» **Homes**

» **Jobs**

Sustainable Economy (EJ-A)

- » **Goal:** Equitable distribution of social and economic advantages among all communities in the county so that no community is disproportionately burdened by environmental pollution or other hazards.
- » **Key concepts in the policies and actions:**
 - Plan for phasing out fossil fuel industries and transition to just, equitable, and clean industries that offer good-wage jobs
 - Support retraining of fossil fuel-based workers for jobs in clean industries
 - Create incentives to spur new development and redevelopment in disadvantaged neighborhoods

Sustainable Economy Policies and Actions

**Support for
clean industry**

**Consider
transition to
renewable
fuels**

**Concern about loss of
good-paying jobs**

- Plan for phasing out fossil fuel industries and transition to just, equitable, and clean industries that offer good-wage jobs
- Support retraining of fossil fuel-based workers for jobs in clean industries
- Create incentives to spur new development and redevelopment in disadvantaged neighborhoods

Sustainable Economy Policies and Actions

**Support for

**Prepare
high school students
for clean
industry jobs**

- Support retraining of fossil fuel-based workers for jobs in clean industries

**Offer tax
incentives**

- Create incentives to spur new development and redevelopment in disadvantaged neighborhoods

Safe and Sanitary Homes (EJ-C)

- » **Goal:** Equitable access to safe and sanitary homes among all communities in the county so that no resident has to live in an unsafe or unhealthy place.
- » **Key policy concepts:**
 - Ensure rental housing is safe and well-maintained through outreach and code enforcement
 - Enhance programs that improve housing livability, such as the County's weatherization program
 - Build an inventory of land available for tiny homes and similar forms of affordable housing

Homes Policies and Actions

**Do not
add more rules;
enforce existing
ones**

**Support for
more frequent
enforcement**

- Ensure rental housing is safe and well-maintained through outreach and code enforcement
- Enhance programs that improve housing livability, such as the County's weatherization program
- Build an inventory of land available for tiny homes and similar forms of affordable housing

for the elderly**

**Promote energy
efficiency**

- Enhance programs that improve housing livability, such as the County's weatherization program

**Promote a mix
of affordable and market
rate housing**

**Avoid increasing
density in over-populated
areas**

- Build an inventory of land available for tiny homes and similar forms of affordable housing

Equitable Access to Jobs (EJ-D)

- » **Goal:** Equitable access to job training, job opportunities, and economic stability among all communities in the county so that all residents can access safe jobs, earn a living wage to support their families, and build shared prosperity.

- » **Key policy concepts:**
 - Attract manufacturing businesses in the clean technology sector
 - Promote entrepreneurship and locally owned businesses in disadvantaged neighborhoods
 - Pursue loan programs that support small businesses in disadvantaged neighborhoods

Jobs Policies and Actions

Carefully consider
where to locate
these businesses

Support
manufacturing
jobs

- Attract manufacturing businesses in the clean technology sector
- Promote entrepreneurship and locally owned businesses in disadvantaged neighborhoods
- Pursue loan programs that support small businesses in disadvantaged neighborhoods

Jobs Policies and Actions

Carefully consider
where to locate
these businesses

Support
manufacturing
jobs

- Attract manufacturing businesses in the clean technology sector

Promote small, locally
owned businesses

Discourage
non-local
developers

- Promote entrepreneurship and locally owned businesses in disadvantaged neighborhoods
- Pursue loan programs that support small businesses in disadvantaged neighborhoods
