

ENVISION CONTRA COSTA 2040

Draft General Plan and Draft Climate Action Plan Webinar

Virtual Meeting
December 4, 2023
5:30 PM – 6:30 PM

The Draft Contra Costa County 2045 General Plan and Draft Climate Action Plan (CAP) 2024 Update are available for public review through January 31, 2024. The General Plan is the County's primary policy tool to guide physical changes in the unincorporated areas of the county over the next 20 years. The 2024 CAP is the County's strategic plan to reduce greenhouse gas (GHG) emissions and to improve resilience to changing climate conditions. The CAP implements the General Plan's policy guidance and addresses behaviors, regulations, and investment decisions that directly reduce GHG emissions or promote climate resilience. Community feedback has been the driving force behind our planning efforts. Now, we invite you to explore the draft plans and ensure they reflect our collective aspirations for Contra Costa County's future. This webinar will provide an overview of each draft plan, an orientation to the online commenting tool for public review, and information about other upcoming opportunities to share your feedback.

When you join the meeting, please wait in the virtual waiting room for the meeting to start.

- 5:30 Welcome and Introductions
